“At first, God mad idiots. That was for practice. Then he made school boards”

Mark Twain

## This Issue’s Guest Columnist

*Educator Extraordinaire, Joan Swirsky, has written an article about how our kids are being torn from our families. The schools teaching claptrap like Critical Race Theory are intent on turning today’s kids into revolutionaries. Even against their own parents. The article has been edited for length. The full article can be found at: <http://joanswirsky.com/articles.htm>.*

*Parents of all races have risen against their local school systems. CRT is not the topic, though it constantly rears its very ugly head during the board meetings. No, the topic is larger. And it is “Do parents have the right to understand what is being taught to their children?” Many from the school’s side say no. In fact, one of the men running for governor of Virginia is campaigning on that platform. He may lose, in a pure blue state, because parents don’t agree with him.*

It wasn’t just white parents who started what has now become a nationwide protest. The whole point of Critical Race Theory is to prove to innocent school children--that the triple evils in America--the Constitution, Capitalism and Christianity--were all introduced by malevolent White men.

Imagine how these protesting parents felt when they learned that Joe Biden’s pick of Attorney General, Merrick Garland, called these desperate mothers (and some fathers) “domestic terrorists” and ordered the Federal Bureau of Investigation to monitor them and punish them for exercising their Constitutional right to Free Speech and for the mortal sin of protesting peacefully!

Garland’s menacing directive to the FBI is what writer Justin O. Smith described as [“a piece of real fascist garbage.”](#)

Good to know that a government watchdog group has now [launched an investigation of Garland](#) for his threats against public school parents across America.

In addition, after grilling Garland in a Judiciary Committee meeting last week, a principled legislator, Senator Josh Hawley (R-MO), [called for his resignation](#) To add insult to injury, the parents then learned that Garland’s daughter is married to Alexander Tanner, [the guy who co-founded--and is raking in multimillions of dollars from](#) — Panorama, the company selling this racist junk to over 50 of the nation’s 100 largest school districts, or, as the company [describes](#) itself, as supporting “13 million students in 23,000 schools and 1,500 districts across 50 states.”

This issue’s **Imprimis** article is **“Are we free to discuss America’s real problems?”** by Amy Wax. Academic institutions should be places where people are free to discuss questions and issues. This is not possible in today’s enforced orthodoxy

**Hillsdale College**, in Hillsdale Michigan, is a school with no dependency on our federal government. They accept no tax funds, for any reason, and therefore they cannot be coerced to act against their beliefs.

Talk about Garland’s **conflict of interest!**

Yet further evidence of the incestuous leftist push toward Communism that parents across the country are now protesting is provided by author and journalist Jack Cashill who reveals that a major essay for Panorama’s CRT “curriculum” was written by terrorist emeritus and Obama pal Bill Ayers!

This nationwide outrage of parents has been effective. As blogger Fred Miller **documents**, “It’s an encouraging sign that that the execrable National School Boards Association (NSBA) has blinked and apologized for joining Merrick Garland in **villainizing anti-CRT parents as ‘terrorists.’**”

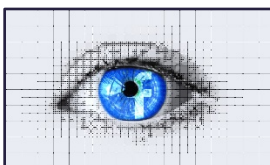

“Perhaps even **awakened Democrat parents will be, in the long run, part of the most effective resistance we have against the Woke totalitarians.** In the natural order of animals, vegetables & minerals, there is no more powerful force with which to reckon than angered Mama & Papa bears.”

The visceral anger of these parents is not only being expressed at School Board meetings across the country, but it has gone viral on social media. Even confirmed, lifelong leftists were horrified and disgusted when the far-left candidate for governor of Virginia, Terry McAuliffe, **added his less-than-two-cents worth** by stating: “I don’t think parents should be telling schools what they should teach”

Really? **Here**, Quisha King gets a standing ovation when she calls for a “mass exodus” public schools.

That’s exactly what is happening! Today, the mothers of America’s schoolchildren are now telling the powers-that-be that they will not allow their children to ingest the toxic, dishonest, racist brew of CRT. They are telling the innovators of this theory, the teachers who purvey it, the Attorney General of the United States, the FBI, and the President of the United States: Don’t contaminate my child with your hateful, racist, anti-American, anti-White poison.... or else.

And a final thought from Alvin Toffler:

*“The illiterate of the future is not the person who cannot read. It will be the person who does not know how to learn”*
